

# Helping People Get Medical Care in Hard-to-Reach Areas

BJ's is committed to working with organizations that make healthcare more accessible and affordable to underserved communities. Through the funding of subsidized prescription programs, free clinics and transportation initiatives, BJ's gives support in ways that matter most.

*BJ's funds the Ride Partners Program, which uses volunteer drivers to provide rides for older adults to get to their medical appointments, pick up prescriptions or get groceries.*

## ◀ Supporting Independence

Partners In Care Maryland, Inc.  
Pasadena, MD

The recognized leader in Maryland for programs, services and transportation to medical appointments, Partners In Care supports the independence of older adults. Using a "service-exchange" concept, members and staff can help one another with handyman repairs, neighborly tasks, and rides to and from medical consultations.

*"Medical facilities in our area provide great healthcare once a person gets there, but they have to get there first."*

~ Barbara Huston  
Partners In Care CEO

## One People, One Heart ▶

Jewish Renaissance Medical Center  
Perth Amboy, NJ

JRMC is dedicated to delivering preventative and primary medical services to the underserved and the uninsured population, regardless of race, ethnicity or ability to pay. With a growing staff of nearly 200 professionals, JRMC offers a full range of internal, pediatric, behavioral and dental care to the most vulnerable families and children in over 20 New Jersey communities.

*"With BJ's funds, we will expand the capacity of our center by outfitting two more pediatric examination rooms with needed equipment. This is an important increase in our ability to serve more children."*

~ Mark Roberts  
Jewish Renaissance Medical Center CEO

*Fitted with state-of-the-art medical exam rooms and dental chairs, The Horizon Foundation Mobile Medical Unit brings healthcare directly to underserved residents of New Jersey.*
