**1 IN 6 AMERICANS GO HUNGRY ON A DAILY BASIS**

Two years ago, BJ's Wholesale Club began working with Feeding America, the nation's leading domestic hunger-relief organization, to combat the growing issue of hunger in the United States. With an estimated 50 million Americans struggling to put food on the table, we felt a sense of responsibility to provide healthy food to those in need. Out of this, our Feeding Communities Program was born.

Today, we're extremely proud to announce that we've reached a tremendous milestone — donating over 12 million pounds of fresh food to our communities.

"At BJ's, giving back is at the core of the company, and I'm extremely proud of what this company has done to contribute to the well-being of every community in which we have a Club."

— Laura Sen, President and CEO, BJ's Wholesale Club, Inc.

*BJ's Team Members gather fresh, unsold fruits, vegetables, fish, meat and dairy items every single day, all year round. The food is then prepared for pick-up by neighboring food banks, where it's sorted and arranged for distribution to local hunger agencies.*
