

Every day, BJ's Charitable Foundation provides local nonprofit organizations with the funding they need to promote healthy, happy and stable communities.

Since it first began in 2005, BJ's Charitable Foundation has given over \$19 million through grants, annual programs and special initiatives to over 2,300 community organizations. Grants disbursed in our Quarterly Review Program support efforts in education, healthcare, hunger prevention and self-sufficiency for children and families. We're striving to make a difference in our communities and to help them grow and thrive well into the future.

In 2014, BJ's Charitable Foundation donated \$1,082,300 in grants to the following hunger-prevention organizations.
