The Norton Story: Nobody Else Comes Close

We see more, analyze more and stop more online threats.

- Norton leverages our global threat intelligence to track down and eliminate threats—even brand new ones.
- Our teams of security experts are constantly analyzing new threats and devising new ways to protect your devices from them.

We focus exclusively on security, and we're the best at what we do.

- Only Norton has won PC Magazine Editors' Choice Award 34 times, including 11 years in a row – more than any other security company.

Our multi-device protection helps keeps your data safe, wherever it is.

- Your personal information is in multiple places. Keep it private across all of them.
- One easy solution protects your devices—computers, smartphones, tablets—on Windows®, Mac®, Android™ and iOS – including the new Windows 10 operating system.

We include a protection promise only Norton can make.

- Norton offers a 100% guarantee: If you get a virus our Norton experts cannot remove, we'll give you a refund.*

More PC Magazine Editors' Choice Awards than any other security company.
