URGENT: DRUG RECALL NOTICE

Consumer Level

Date: June 5, 2026

Dear Customer:

We have initiated a voluntary consumer level recall in the United States involving four lots of the following products:

- **Gas-X Extra Strength Softgels (120 ct.) - Lot #'s TL8K, YH9X, YH9Y**
- **Gas-X Extra Strength Softgels (72 ct.) - Lot # X78N**

These four lots of Gas-X Extra Strength Softgels 125mg (120 ct. and 72 ct.) were distributed on or about April 13, 2026. The lots are being recalled due to potential contamination with a diluted propylene glycol-based coolant from a machine leakage during the packaging process. There is a potential that ingestion of the Softgels contaminated with the diluted propylene glycol-based coolant may result in adverse events such as nausea, vomiting, abdominal pain and diarrhea.

Consumer safety and product quality continue to be our utmost priorities at Haleon. Only one lot (X78N) of Gas-X Extra Strength Softgels 125mg, 72 ct. and three lots (TL8K, YH9X, YH9Y) of Gas-X Extra Strength Softgels 125mg, 120 ct. are impacted.

Gas-X Extra Strength Softgels are uniquely identified as a green capsule and found in packaging with a green band. No other lots of Gas-X Extra Strength, Gas-X Ultra, Gas-X Maximum and Gas-X Ultimate are impacted by this recall.

Post Until: 12/17/2026

No other Gas-X products are affected by this recall.

Please immediately examine your inventory, quarantine and cease distribution of the listed lots. Please carry out a physical count and record this data on the Product Recall Response Form and the packing slip, which are included with this letter. This recall should be carried out to the consumer level. Contact Sedgwick at (888) 843-0247 (EVENT #8892) for instructions on returning the recalled product you received. Your assistance is appreciated and necessary to ensure only product that is not subject to this recall is further distributed.

This recall is being conducted with the knowledge of the U.S. Food and Drug Administration (FDA). It is very important that you complete the requested information on the Product Response Form and return it within five (5) business days, even if you do not have the listed lot in stock. You can also fax the Product Response Form to (888) 258-9526. For shipping assistance or questions about the recall process, please contact Sedgwick at (888) 843-0247 and refer to Event Number "8892".

Receipt of a product response form is essential for Haleon to resupply Gas-X Softgels product to our customers. Reimbursement will be issued once supporting documentation and quantities are validated via the normal deduction/invoicing process at a rate of list plus 10% handling fee. Haleon is committed to providing the highest quality products to our customers.

We regret any inconvenience this recall may cause and appreciate your cooperation. If you have any questions, please contact our Customer Service team at 1-800-743-4014 (Monday – Friday, 8am to 5pm ET) for Recall Event Number "8892".

Sincerely,

Nathalie Gerschtein
President, North America, Haleon
